Seed Library Set To Debut

We are pleased to announce that we will open the SHPL Seed Library in March. The mission of the Seed Library is to share seeds with our community in order to encourage and celebrate gardening and sustainability.

What is a seed library?

A seed library is a free resource where new and experienced gardeners can “check out” packets of seeds for use in their own gardens. Seed saving at the end of the growing season is encouraged so that gardeners can return seeds to the library to create a community-sustained seed collection. We hope to make the library your first stop in planning your garden this spring! For more information, stop by the Adult Services Desk, visit <https://shpl.info/seed-library>, or call 631.549.4411.

We will be offering virtual gardening programming throughout the spring. Check your newsletter for upcoming events.

Alfred Van Loen Gallery

From Coney Island to Chiapas, Mexico (Places I Miss), paintings and prints by Kelynn Alder. March 13-April 14.

Kelynn Alder instantly felt at home on the famous Brooklyn Coney Island boardwalks, which reminded her of the Latin American countries where she grew up. Her paintings convey a global fascination, a tribute to the everyday people and their lives of joy and work. Whether her subjects are people from the festivals of the Mayan villages of Chiapas or the people at the Coney Island amusement park, Alder paints these scenes with vibrant colors and further unifies them with sensibility and energy. Alder, featured in Cynthia Maris Dantzig's book *100 New York Painters*, is of Mexican-American heritage and grew up in several countries. From her early childhood, peoples' diverse backgrounds and the wide range of living cultures fascinated her, but Mexico remains her favorite subject matter. The exhibit may be viewed during regular library hours. Look for a virtual tour on the library website at www.shpl.info.

Flipster
Flip to your favorite magazines from any location!

South Huntington patrons can access more than 160 of their favorite magazines using Flipster, a magazine service that allows people to browse digital versions of the latest issues of popular magazines, courtesy of their local library.

New titles have been added, including *Advocate*, *U.S. News & World Report Best Colleges*, *CuerpoMente*, *Gay Times*, *High Five Bilingüe*, *History Magazine*, *Hola*, *HOLA! Fashion*, *Litoral: Revista de Poesia, arte y Pensamiento*, *Mercados & Tendencias*, *PC Gamer*, *Rolling Stone (Mexico Edition)*, *Saber Vivir*, *Veranda*, *Viajar*, and *Wood Magazine*.

Using the Flipster app, magazines can be downloaded to Android phones and tablets, Apple phones and tablets, and Kindle Fire tablets for offline reading anytime, anywhere.

Flipster offers an easy, browseable reading experience. Users can browse magazines by category as well as perform searches for specific periodicals. An online newsstand provides a carousel of the most recent issues. Digital magazines contain links for quick access to articles of interest and hotlinks within magazines are hyperlinked, opening in separate tabs when clicked. In addition, there is an option to zoom in and out for better readability.
